SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

TECH SKILLS

- Python (Expert)
- JavaScript (Basic)
- Data Science
- Machine Learning
- Web Development

LANGUAGES

- English (Basic)
- Urdu (Advance)
- Hindi (Basic)

PROFILE

I am a motivated AI and Data Science student with practical experience in Python, Machine Learning, and Web Development. I am currently seeking an internship opportunity where I can apply my technical skills, learn from industry professionals, and contribute to meaningful and impactful projects.

EDUCATION

AI & Data Science

2025 - 2026

Saylani Mass IT Training (SMIT)

Middle School (Grade 8 - In Progress)

In Progress

High School Diploma

PROJECTS

Personal Portfolio Website

Developed a personal portfolio website to showcase my skills, learning journey, and projects. The website includes sections such as About Me, Skills, Projects, and Contact. This project helped me improve my understanding of web design and development concepts.

Tic-Tac-Toe Game (Python)

Built a Tic-Tac-Toe game where a user can play against the computer. The project includes game logic, input validation, and win detection. This project strengthened my problem-solving skills and understanding of Python programming.

Technologies Used: Python

CERTIFICATIONS

Cisco Networking Academy: Course Of Modern AI

Successfully completed a comprehensive Modern AI course through Saylani Mass IT Training. Gained practical knowledge of AI concepts and their real-world applications.

Kaggle: Course Of Intro to Machine Learning

Completed a foundational course covering key ML concepts and practical applications using Python.

Oracle University: Course Of AI Foundation Associate

Completed foundational training in AI concepts and technologies.
